The Applicant has read and understands the following:

I understand that Oktibbeha County has a limited transportation and infrastructure network and that maintenance and/or improvement of the existing infrastructure may be required as a part of this application. County services, including emergency services, may not be feasible or may be limited or restricted in some or all areas of the County. I acknowledge that I have investigated the limitations and restrictions on services, including emergency services and accept the same.

Applicant does _____ does not _____ request proposed streets and roadways be accepted by Oktibbeha County. Applicant agrees acceptance is contingent upon construction in accordance with the Amended Order Establishing Criteria for Acceptance of Roadways in Oktibbeha County and that roadways not constructed in accordance with the stated criteria will not be eligible for acceptance for a period of ten (10) years.

I am aware that approval of a site development permit or any other permit does not constitute and shall not be considered as conferring any guarantee or expectation of the provision of any County service (including emergency services).

I also certify that I have read this document completely and that all the information I have submitted in support of this application is true and correct to the best of my knowledge and that this Permit may be revoked or suspended if I have knowingly supplied false or misleading information. I understand and agree that I am required to comply with any and all conditions that may apply to approval of this Site Development Permit and that I may not undertake any development of the proposed site unless and until a Site Development Permit has been issued.

SITE DEVELOPMENT PERMIT GUIDELINES OKTIBBEHA COUNTY, MISSISSIPPI

What is the purpose of a Site Development Permit?

An approved Site Development Permit is required for a new single-family dwelling, multi-family complex(s), commercial/retail facilities, churches, schools, and industrial development. The purpose of the Site Development Permit is to ensure safe development while minimizing the potential for harmful impacts.

Where does the requirement come from?

The requirement for a Site Development Permit was established by board order of the Oktibbeha County Board of Supervisors on June 6, 2016 which states: A landowner, developer, or entity wishing to construct a single-family dwelling, multi-family complex, commercial or retail facility, church, school, or industrial facility must obtain a Site Development Permit from Oktibbeha County.

What issues must the Site Development Permit Satisfy?

Issues that must be satisfied as part of the SDP process include but are not necessarily limited to the following primary categories:

1. Evidence of Safe / Legal Access

Documentation to show necessary rights-of-way and/or easements for access have been secured from required public and private entities.

- a. Recommendation of Oktibbeha County Engineer regarding roadway access permit and/or required maintenance and improvements; pending Board of Supervisors approval.
- b. A traffic study for large projects projected to generate 100 or more peak hour trips as outlined in Appendix (A).

2. Flood Plain Consideration

- a. Required 911 address and 911 emergency access acceptable to the County Fire Services Coordinator and/or Oktibbeha County Engineer.
- b. Statement indicating improvement is not located within a Flood Hazard Area or:
- c. Flood Elevation Certificate indicating proposed construction will be a minimum of two (2) feet above the base flood elevation.

3. Availability of Potable Water

- a. Letter from potable water provider indicating service is or is not available and will be provided along with applicant's financial responsibility.
- b. May require approval from Mississippi State Department of Health.

Mailing address: P. O. Box 80285, Starkville, MS 39759

108 East Main Street Starkville, Mississippi 39759 Phone: (662) 323-1520 E-Mail: egarrard@gtpdd.com

**SITE DEVELOPMENT PERMIT GUIDELINES
OKTIBBEHA COUNTY, MISSISSIPPI**

4. Availability of Sewage Disposal

- a. Provide letter indicating acceptance or approval from Mississippi State Department of Health or Office of Pollution Control as applicable.

5. Stormwater Pollution Control Permit

- a. Requires evidence of Stormwater Pollution Prevention Plan (SWPPP) compliant with criteria set forth by the Mississippi Department of Environmental Quality.

Other important information:

Review of the application will include a site visit by a representative of the Oktibbeha Board of Supervisors, the Oktibbeha County Engineer, or the Oktibbeha County Road Manager. To facilitate the review, an aerial photograph or image depicting the proposed improvements shall be required. At the discretion of the Board of Supervisors, the Board may elect to assign an independent engineer to review the permit application. The applicant shall submit a check with the permit application in the amount of:

Single family dwelling.....	\$21.00
Multi-family exceeding ten (10) units.....	\$261.00
Commercial / Retail.....	\$111.00
Church.....	\$21.00
School.....	\$21.00
Industrial.....	\$261.00

Upon approval of the application, the permit will be recorded in the office of the Oktibbeha County Chancery Clerk.

MISSISSIPPI STATE DEPARTMENT OF HEALTH

New Application Process - Notice of Intent (NOI) Application Instructions

Applicants needing to file for a Notice of Intent for an onsite wastewater system can now go online and apply at the following weblink:

www.healthymms.com/wwapply

Instructions for the different services are on the following page. After applying for the service needed, clients should be checking their email for a link to pay for the requested service. The email will be from support@msegov.com with the subject line MSDH Inspection. The payment can be made online with a debit card, credit card, or check. After payment is received, an Environmentalist from the Mississippi State Dept. of Health will be contacting the applicant for directions, a legal description of the property, and a plot plan. A definition of a legal description and a plot plan is listed below.

WHAT IS A LEGAL DESCRIPTION?

A legal description is a document that has a description of your property that includes length of property lines, bearing of property lines, size of property and any existing easements that may impact the property. A legal description can be satisfied by providing a copy of the deed to the property. If you need a copy of your deed, you can contact your local Chancery Clerk office for the county in which your property is located.

WHAT IS A PLOT PLAN?

A plot plan is a drawing of your property that shows property shape, location of residence, location of driveway, any well on or near the property and other amenities, such as a pool, outbuildings, utility easements or anything that will reduce usable area for the onsite system. Please see the example attached.
